

PALODIA, LIMASSOL

Sapphire Garden

UNDER CONSTRUCTION

THE PROJECT

Palodia was chosen for Sapphire Garden before a single line was drawn – a peaceful, low-density area close enough to top private schools like Heritage, Island School, and Pascal to matter for the families who’d live there, and near enough to one of Cyprus’s largest investment projects to matter for those who wouldn’t. Every townhouse in the gated community shares the same rooftop garden and fitted jacuzzi; one goes further, with a private swimming pool of its own.

The result is a community built for two different readings at once: a tranquil place to call home, and a considered investment in a location that isn’t standing still.

DESIGN & CRAFTSMANSHIP

Designed and delivered in-house by Alef Beta Properties, built around a single idea: every townhouse gets its own rooftop retreat, not just a shared garden below.

SPECIFICATIONS

UNIT TYPE

Townhouses

AMENITIES

Rooftop jacuzzis, private pool (select unit), gated access

STATUS

Under construction
