

MESA GEITONIA, LIMASSOL

Titanium Residence

UNDER CONSTRUCTION

THE PROJECT

The site for Titanium Residence was chosen for a view most hillside plots in Mesa Geitonia don't have: city, sea, and mountains from the same balcony. Rather than build to maximize unit count, the brief called for six 2-bedroom apartments only – each one wide enough that every room, not just the living area, reaches the view.

Expansive balconies and a facade of white stone against deep grey carry that same restraint through the exterior. The location does the rest: adjacent to the Grammar School, a short drive from Foleys, and close enough to Limassol's center to make the quiet of the hillside feel like a choice rather than a compromise.

DESIGN & CRAFTSMANSHIP

Developed in partnership with 4 Buy & Sell – six residences only, each sized to hold onto the hillside's view of city, sea, and mountains.

SPECIFICATIONS

APARTMENTS

6 (2-bedroom)

UNIT SIZE

117 – 127.5 m²

FLOORS

4

STATUS

Under construction

PROJECT TYPE

New construction

PARTNER

In partnership with 4 Buy & Sell

LOCATION

Mesa Geitonia, Limassol
