

PALODIA, LIMASSOL

Sapphire Garden

UNDER CONSTRUCTION

THE PROJECT

Palodia was chosen for Sapphire Garden before a single line was drawn – a peaceful, low-density area close to top private schools like Heritage, Island School, and Pascal, and near one of Cyprus's largest investment projects. Every townhouse in the gated community shares a rooftop garden and fitted jacuzzi; one goes further, with a private swimming pool of its own.

The result is a community built for two readings at once: a tranquil place to call home, and a considered investment in a location that isn't standing still.

DESIGN & CRAFTSMANSHIP

Designed and delivered in-house by Alef Beta Properties: every townhouse gets its own rooftop retreat, not just a shared garden below.
