

MESA GEITONIA, LIMASSOL

Titanium Residence

PRE-CONSTRUCTION

THE PROJECT

The site for Titanium Residence was chosen for a view most hillside plots in Mesa Geitonia don't have: city, sea, and mountains from the same balcony. Rather than build to maximize unit count, the brief called for six 2-bedroom apartments only, each wide enough that every room reaches the view.

Expansive balconies and a facade of white stone against deep grey carry that restraint through the exterior – adjacent to the Grammar School, a short drive from Foleys, close enough to Limassol's center to make the hillside's quiet feel like a choice.

DESIGN & CRAFTSMANSHIP

Developed in partnership with 4 Buy & Sell – six residences only, each sized to hold onto the hillside's view.

SPECIFICATIONS

APARTMENTS

6 (2-bedroom)

UNIT SIZE

117 - 127.5 sqm

FLOORS

4

STATUS

Pre-construction

PROJECT TYPE

New construction

PARTNER

In partnership with 4 Buy & Sell

LOCATION

Mesa Geitonia, Limassol
